

Here's a little more information about our **HAPPY SCHOOL PROJECT** -

BOTH school were started in the 1990s, at a time when there were no other good schools in Kamraj Nagar, Ghatkopar and near Mankhurd, the children from the respective neighborhood had to walk a distance or cross the Highway to go to the nearest school (which was a big concern for the parents). both schools started off by renting out a small room, serving pre-primary and primary kids. Today the two schools cater to over 1700 and 1450 students respectively all the way from nursery to class 10. It has been a slow and arduous but a fruitful journey. Rotary Deonar took up the initiative to make a difference to the children of these two schools and set about with a firm resolve to change things for the better. We have aptly named the project 'Happy School'

**Our vision** for both the schools viz Modern English Medium School and the Subhashchandra Bose School is to improve the quality of education and to bring them on par with other convent or private schools in the surrounding areas of Chembur Deonar Mankhurd. We want the students of these two schools to have **the choice** to pursue whatever stream they dream of once they finish grade 10 and 12, just like their privileged counterparts.

The two schools named above are located at the following addresses.
